Business Central and Dynamics NAV architect, developer, consultant and trainer, now taking fractional architecture engagements through my own practice, SureHoofERP.com. Twenty-plus years in software and twelve in the ERP sector: AL and C/AL development, cloud and on-premises upgrades, cloud migrations, and third-party integrations for Microsoft partners and end-users.

PROFESSIONAL EXPERIENCE

SureHoofERP.com — Founder May 2026 – Present

- Dynamics NAV / Business Central implementation oversight, process optimizations, upgrades, migrations and integrations.
- Shopify, apparel, JOOR, BC on-premises and Dynamics NAV engagements.

RSM US LLP — Supervisor Aug 2022 – Apr 2026

- Developer lead on new Business Central implementations for logistics, agricultural, finance, private equity and community foundation end-users.
- Cloud and on-premises installations, cloud and on-premises upgrades, cloud migrations.

Enavate — Technical Solution Architect Nov 2021 – Aug 2022

- Technical advisor on integrations of third-party systems with Business Central; built custom functionality and integrations.

Columbus Global — Technical Solution Architect Mar 2021 – Oct 2021

- Designated technical architect for Business Central implementation projects: requirements walkthroughs, code review and GitHub code management for the development team.
- Prepared SaaS environments for GP migrations and development; custom code for GP-to-BC implementations.

Beck Consulting / Aptean — BC/NAV Developer May 2019 – Mar 2021

- Custom code and extensions for the bcFood, bcEDI and bcERP product lines; translated customer processes into extension design.

E Foqus Danmark A/S — Senior NAV Product Developer Jan 2016 – Dec 2018

- Migrated the Foqus Finance NAV add-on, a vertical for Danish car-leasing companies, to a Business Central extension; wrote the C/AL for leasing contract currency adjustments.

Nigel Frank International — BC/NAV Freelancer Dec 2018 – May 2019

NAV 2015 to Business Central upgrade for a Vancouver Microsoft partner, customizing Finance, Warehouse and Inventory.

PMX Dynamics — Dynamics NAV Developer Jan 2014 – Dec 2015

Property management add-on customizations for a new NAV 2013 client. Vancouver, BC.
